Earthquake shocks.

As was stated in the Gazette, severe earthquake shocks were felt yesterday at Tortosa and at Murcia, Spain. Much damage was done, but no casualties have been reported. Tortosa is a fortified town in Catalonia, Province of Tarragona, 22 miles from the mouth of the River Ebro. It is built in terraces on an eminence above the river, and has a fine cathedral. The population in 1900 was about 25,000. Murcia is about 80 miles from Tortosa. The city, which is situated in an exceedingly beautiful valley, was formerly the capital of the Moorish Kingdom of Murcia, and is now the capital of the modern province of its own name. It has a fine cathedral, a number of colleges and extensive manufacturing. The population in 1900 was about 110,000.

An earthquake shock was felt at Constantinople and in the suburbs at 4:30 yesterday morning. It was especially sharp in the upper part of the Bosphorus. A dispatch from Akabad, Russian Transcaucasian Territory, says that a severe undulatory earthquake occurred there at 12:25 p. m. yesterday and lasted five seconds. Akabad is the capital of Russian Transcaucasian Territory. It is situated on the Transcaucasian Railway, 290 miles south-southwest of Mikhailovsk, the seaward terminus. Since the construction of the railroad Akabad has become an active commercial center. In 1897 it had a population of about 20,000, composed of Persians, Russians, Armenians, Kurds and Jews.

Germans Threaten War.

King Edward's approaching meeting with King Victor Emmanuel at Gaeta is attracting much attention in the German press, which comments on the event as being an effort to isolate Germany and win Italy away from the triple alliance. An article in the Cologne Gazette in this sense is being widely discussed, because it is believed to have been inspired from Berlin. The writer says public opinion in Germany sees in King Edward's course an attempt to disturb the European equilibrium which is calculated to awaken misgivings regarding his disarmament proposal, and, finally, warns Great Britain that "war with Germany would be dangerous for any opponent or any coalition of opponents." This sharp language is interpreted by the Tagliche Rundschau as meaning that the German government has grown weary of the "English game of hide-and-seek and the comedy of peace and disarmament."

At the foreign office in Berlin, when attention was called to the Cologne Gazette's article, it was stated that it expressed only the editorial opinion of the paper, that the German government was in no way responsible for such views and that the government officials would have taken steps to prevent their publication if they had been known in advance.

THE NEWS—No Pure Drug Cough Cure

Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison enters Dr. Shoop's label, and none in the medicine, else it must be law on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison enters the Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.
